The following is an Examiner's Statement of Reasons for Allowance: The Independent Claim has been reasonably interpreted as an in-line passive isolation barrier for megahertz serial digital data communications networks; this interpretation consistent with the interpretation in the Office Action of 10/18/2006, allows for Applicants' arguments in the Response of 1/18/2007 to be convincing at this time. It is the opinion of the Examiner that the instant combined claim language found within Claim 1 would not have been obvious in view of the Prior Art of Record, with the exception of hindsight.

Any comments considered necessary by Applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ronald W. Leja whose telephone number is (571)272-2053. The examiner can normally be reached on Monday thru Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Brian Sircus can be reached on (571)272-2800. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
